### 2024 Development Charges Pamphlet

#### **Purpose and Application of Development Charges**

The general purpose for which the municipality imposes development charges is to assist in providing the infrastructure required by future development in the municipality through the establishment of a viable capital funding source to meet the municipality's financial requirements.

The Council of the Township of Southwold passed By-law 2020-70 on December 14, 2020. There were not any appeals of the By-law.

Development Charges By-law 2020-70 applies to all lands in the Township of Southwold.

Development charges are imposed for Roads and Related Services, Fire Services, Parks and Recreation Services and Growth Related Studies. Development Charges are generally collected at the time of Building Permit Application.
