### INDEPENDENT AUDITORS' REPORT

To the Members of Council, Inhabitants and Ratepayers of the  
**Corporation of the Township of Southwold:**

We have audited the accompanying financial statements of the **Corporation of the Township of Southwold**, which comprise the statement of financial position as at December 31, 2014, and the statements of operations and accumulated surplus, change in net financial assets, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards. and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements present fairly, in all material respects, the financial position of the **Corporation of the Township of Southwold** as at December 31, 2014, and the results of its operations, change in its net financial assets, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

## Notes to the Financial Statements For the Year Ended December 31, 2014

---

The Corporation of the Township of Southwold (the "Municipality") is a municipality in the Province of Ontario. It conducts its operations guided by the provisions of provincial statutes such as the Municipal Act, Municipal Affairs Act and related legislation.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Municipality are prepared by management in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. Significant aspects of the accounting policies adopted by the Municipality are as follows:

#### **Reporting Entity**

The financial statements reflect the assets, liabilities, revenues, expenses of the reporting entity. The reporting entity is comprised of all organizations, committees and local boards accountable for the administration of their financial affairs and resources to the Municipality and which are owned or controlled by the Municipality.

#### **Consolidated Entities**

There are no organizations or local boards that are consolidated in these financial statements.

#### **Proportionate Consolidation**

There are no organizations or local boards that are proportionately consolidated in these financial statements.

#### **Basis of Accounting**

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the creation of a legal obligation to pay.

#### **Investments**

Investments consisting of government and corporate bonds, money market funds and guaranteed investment certificates are carried at cost. Interest income is recognized when received or receivable.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the Change in Net Financial Assets for the year.

#### i) Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Land improvements	10 years
Buildings	50 years
Equipment	5 - 10 years
Vehicles	7 - 20 years
Transportation infrastructure	20 - 75 years
Water system infrastructure	75 years
Wastewater infrastructure	75 years

Amortization begins the first month of the year following the year the asset is placed in service and to the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

#### ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

#### iii) Inventories

Inventories held for consumption are recorded at the lower of cost and replacement cost.

#### iv) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### **Deferred Revenue**

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs, in the completion of specific work. In addition, certain user charges and fees which have been collected but for which the related services have yet to be performed. Revenue is recognized in the period when the related expense are incurred, services performed.

#### **Accounting for County and School Board Transactions**

Although the Municipality collects taxation on behalf of the County of Elgin and the School Boards, the taxation, other revenues, expenses, assets and liabilities with respect to the operations of the County and the School Boards are not reflected in these financial statements.

#### **Government Transfers**

Government transfers are recognized in the financial statements as revenues in the financial period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met including performance and return requirements, and reasonable estimates of the amounts can be determined. Any amount received but restricted is recorded as deferred revenue in accordance with Section 3100 of the Public Sector Accounting Handbook and recognized as revenue in the period in which the resources are used for the purpose specified.

In addition, the Municipality periodically receives senior government capital funding in the form of infrastructure grants and receives ongoing funding from both senior levels of government as a result of an allocation of the gas tax funds.

#### **Employee Benefit Plans**

The Municipality accounts for its participation in the Ontario Municipal Employees Retirement System (OMERS), a multi-employer public sector pension fund, as a defined contribution plan. The OMERS plan specifies the retirement benefits to be received by the employees based on the length of service and pay rates. Employee benefits include post employment benefits. Post employment benefits are subject to actuarial valuations and are accrued in accordance with the projected benefit method, prorated on service and management's best estimate of salary escalation and retirement ages of employees. Any actuarial gains and losses related to past service of employees are amortized over the expected average remaining service period.

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Tax Revenues

In 2014 the Municipality received \$2,810,051 (2013 - \$2,170,444) in property tax revenues for municipal purposes. The authority to levy and collect property taxes is established under the Municipal Act 2001, the Assessment Act, the Education Act, and other legislation.

The amount of the total annual property tax levy is determined each year through Council's approval of the annual budget. Municipal tax rates are set annually by Council for each class or type of property, in accordance with legislation and Council-approved policies, in order to raise the revenue required to meet operating budget requirements. Education tax rates are established by the Province each year in order to fund costs of education on a Province-wide basis.

Taxation revenues are recorded at the time billings are issued. Additional property tax revenue can be added throughout the year, related to new properties that become occupied, or that become subject to property tax, after the return of the annual assessment roll used for billing purposes. The Municipality may receive supplementary assessment rolls over the course of the year from MPAC that identify new or omitted assessments. Property taxes for these supplementary/omitted amounts are then billed according to the approved tax rate for the property class.

Taxation revenues in any year may also be reduced as a result of reductions in assessment value arising from reassessment and/or tax appeals. Each year, an amount is identified to cover the estimated amount of revenue loss attributable to reassessment and tax appeals or other deficiencies in tax revenue (e.g. uncollectible amounts, write-offs, etc.).

#### Use of Estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the period. Significant estimates include assumptions used in estimating provisions for accrued liabilities, allowances for vacancies, rebates and uncollectible property taxes and in performing actuarial valuations of employee future benefits.

In addition, the Municipality's implementation of the Public Sector Accounting Handbook PS3150 has required management to make estimates of historical costs and useful lives of tangible capital assets.

Actual results could differ from these estimates.

### 8. PENSION AGREEMENTS

The Municipality makes contributions to the Ontario Municipal Employees Retirement Fund (OMERS), which is a multi-employer plan, on behalf of its staff. The plan is a defined benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. Each year, an independent actuary determines the funding status of OMERS Primary Pension Plan (the Plan) by comparing the actuarial value of invested assets to the estimated present value of all pension benefits the members have earned to date. The most recent actuarial valuation of the Plan was conducted December 31, 2014, and the results of this valuation disclosed actuarial liabilities of \$76.9 billion in respect of benefits accrued for service with actuarial assets at that date of \$69.8 billion leaving an actuarial deficit of \$7.1 billion.

Since any surpluses or deficits are a joint responsibility of all Ontario municipalities and their employees, the Municipality does not recognize any share of the OMERS Pension surplus or deficit in these consolidated financial statements.

The amount contributed to OMERS for 2014 was \$85,507, (2013 - \$81,450).

### 9. OPERATION OF THE COUNTY OF ELGIN AND SCHOOL BOARDS

During 2014, requisitions were made by the County of Elgin and the school boards requiring the Municipality to collect property taxes and payments in lieu of property taxes on their behalf. The amounts collected and remitted are summarized below:

	School Boards \$	County \$
Taxation and user charges	1,358,821	3,059,323
Share of payments in lieu of taxes	<u>14,451</u>	<u>476,200</u>
Amounts requisitioned	<u>1,373,272</u>	<u>3,535,523</u>

### 10. CONTINGENT LIABILITIES

As at December 31, 2016 certain legal actions are pending against the Municipality. The final outcome of the outstanding claims cannot be determined at this time. However, management believes that ultimate disposition of these matters will not materially exceed the amounts recorded in these consolidated financial statements.

Estimated costs to settle claims are based on available information and projections of estimated future expenses developed based on the Municipality's historical experience. Claims are reported as an operating expense in the year of the loss, where the costs are deemed to be likely and can be reasonably determined. Claim provisions are reported as a liability in the consolidated statement of financial position.

### 11. BUDGET FIGURES

The operating budget approved by Council on January 27, 2014 is reflected on the statement of operations. The budgets established for capital investment in tangible capital assets are on a project-oriented basis, the costs of which may be carried out over one or more years and, therefore, may not be comparable with current year's actual expenditure amounts. As well, the Municipality does not budget activity within Reserve Funds, with the exception being those transactions, which affect either operations or capital investments. Budget figures have been reclassified for the purposes of these financial statements to comply with PSAB reporting requirements.

### 14. SEGMENTED INFORMATION

The Municipality is a diversified municipal government institution that provides a wide range of services to its citizens, including contract police services, fire, roads, community services, water and sewer. For management reporting purposes the Municipality's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

The Municipality services are provided by departments and their activities are reported in these funds. Certain departments that have been separately disclosed in the segmented information, along with the services they provided, are as follows:

#### **General government**

General government is comprised of municipal council, corporate management and program support.

#### **Protection services**

Protection services are comprised of the fire, police, conservation authority, building inspection and animal control, emergency measures and provincial offences.

#### **Transportation services**

Transportation services are comprised of roads, bridges, winter control, parking and street lighting.

#### **Environmental services**

Environmental services are comprised of the provision of safe drinking water, the collection and treatment of waste water and waste collection, disposal and recycling.

#### **Health services**

Health services are comprised of public health services and cemeteries.

#### **Recreation and cultural services**

Recreation and cultural services are comprised of parks, recreation programs, recreation facilities, and cultural services.

### 14. SEGMENTED INFORMATION (CONTINUED)

#### Planning and development services

Planning and development is comprised of planning and zoning, commercial and industrial development, economic development and tourism, and agricultural and reforestation.

For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. The General Revenue Fund reports on municipal services that are funded primarily by taxation such as property and business tax revenues. Taxation and payments-in-lieu of taxes are apportioned to General Revenue Fund services based on the Fund's net surplus. Certain government transfers, transfer from other funds, and other revenues have been apportioned based on a percentage of budgeted expenses.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 1. For additional information see the Schedule of Segment Disclosure.
