

Southwold Water Customers

WATER USE RESTRICTION NOTICE

As a result of watermain construction activities on the St. Thomas Area Secondary Water Supply System, commencing on **Friday July 11th at 7:00 PM through to Saturday July 12th at 8:00 PM**, the watermain will be isolated from its source supply.

As a result of the shutdown work, a Water Use Restriction for non-essential use will be in place during the shutdown. This means that all Southwold customers are not permitted to use water for non-essential use.

Non-essential use includes the following:

- No watering lawns and gardens including irrigation systems
- No washing vehicles, boats, motorized equipment
- No washing of paved or concrete areas including driveways
- No filling of pools or hot tubs

If you have received this notification and are located outside of the geographical boundaries of the Township of Southwold and not connected into the Southwold Drinking Water System, then please disregard this notice.

For updates during the shutdown, please visit www.southwold.ca.

The Township of Southwold apologizes for any inconvenience that this may cause. Your cooperation in this matter is greatly appreciated.

Thank You

Township of Southwold
